- **Traffic Sign Recognition**
- **Front Pedestrian Detection**
- **Forward Collision Alert**
- **Following Distance Indicator**
- **Lane Departure Warning and Lane keep Assist**

AVAILABLE SAFETY FEATURES

- **Rear Camera Mirror** – Use the traditional inside rearview mirror or switch to a camera display in the mirror that provides a wide, less obstructed view to check for traffic.

- **Adaptive Cruise Control**
- **Side Blind Zone Alert**
- **Reverse Automatic Braking**

HEAD-UP DISPLAY

The full-color Head-Up Display helps you keep your eyes on the road by projecting useful information onto the windshield.

HANDS-FREE POWER LIFTGATE

No free hands? No problem. The hands-free power liftgate uses a foot sensor underneath the rear of the XT4 to access the trunk with ease.
